

# Guacamole

*Recipe from Shane Hawkins and Aubrey Alberti*

Guacamole can be as simple as lime, salt, pepper, and avocados. This recipe dresses it up quite a bit, with delicious results.

- 2 avocados
- 1 tomato, diced small
- ¼ C cilantro, rough chop
- ¼ C limes, juiced (can add more to taste)
- ¼ C red onion, minced
- ½ t ground cumin
- ¼ t salt
- ¼ t pepper
- ¼ C salsa (optional)

Peel and seed avocados, place in large mixing bowl.

Add tomatoes lime juice, red onion, cumin and salsa, if using.

Mix and crush until avocados are the consistency that you are looking for, should be chip friendly.
